Planners To Meet On Courthouse

The Bucks County Planning Commission will meet in special session at 9 p.m. today in its Doylestown office, presumably to discuss the resolution approving the court house site and fixing the location of the new building on the site.

Charles Happ, commission chairman, did not indicate that the special meeting would be to discuss the resolution, submitted to the planners by the Bucks County commissioners' November 20, but he said the meeting would start "at approximately 9 p.m." and would be open to the press and public.

The Planning Commission ordinarily meets in afternoon session.

Last Tuesday the commission was granted a ten-day extension by the Bucks County Commissioners to reconsider the resolution. The extension was given after the planners rescinded a day-old motion approving it as it had been submitted by the County Commissioners.

The Commissioners were informed last Tuesday afternoon that several planning commission members were under the impression that they were merely approving the court house on a site which had been selected by a previous planning commission.

The County Commissioners stated that the site had never been approved formally by the previous planners and that the new resolution fixed the site and located the building on it.

The County Commissioners therefore resubmitted their resolution for consideration, although they were set to approve the resolution on Tuesday.

The consensus among some county officials in Doylestown is that at least several planning commission members will be opposed to fixing the site of a new building where the present court house stands.

Previously, inside sources were positive that the planning commission would approve the County Commissioners' resolution unanimously, which it did.

The same sources are not stating or guessing on the action of the planning commission in its reconsideration of resolution.

Wiring Wrangle Slated In Court

The court battle to decide whether Levitt and Sons, Inc. has violated provisions of the Bristol township building code begins tomorrow in Doylestown.

Starting at 10 a.m. tomorrow, the court will hear arguments on Bristol township's objections to the Levitt firm's request for an injunction. The injunction would prevent the township from filing charges of the alleged violations with a justice of the peace.

The township claims that there are four violations of the electrical section of the building code in 91 1956-model Levittowners.

Last September, after being notified of the alleged violations by the township, the Levitt firm obtained a temporary restraining order which prevented the township from taking any legal action. The builder asked for the restraining order to prevent what he said could amount to \$435,000 a day in fines, for alleged violations in about 8700 Levitt homes built in the township.

Since that time, however, both groups have agreed to a test case in which one home would be used to decide whether there are any violations.

With the signing of this agreement the Levitt firm withdrew its request for a temporary restraining order but continued its request for an injunction.

Bristol township will be represented by Gilbert J. Kraus, despite the fact that his resignation as township solicitor becomes effective Dec. 31.

Ike Confers With Nehru In Seclusion

Indian Leader Is Taken To Farm At Gettysburg

WASHINGTON — UP — President Eisenhower and Prime Minister Jawaharlal Nehru of India drove to Gettysburg, Pa., today for man-to-man talks on world problems in the seclusion of Mr. Eisenhower's farm home.

Nehru, who arrived in Washington Sunday for a four-day state visit, will be Mr. Eisenhower's guest at Gettysburg overnight.

They left Washington this morning and drove to Gettysburg for 24 hours of seclusion at Mr. Eisenhower's farm.

There, a way from the pressures and pomp which customarily surround a visit of the head of a foreign government to Washington, they are exchanging views on such subjects as the

Tito Visit?

WASHINGTON UP — President Eisenhower plans to invite Marshal Tito of Yugoslavia to visit the United States sometime next year, diplomatic sources said today.

No firm arrangements have been worked out yet and no date has been set.

Hungarian crisis, the Middle East dispute, U.S. recognition of Red China, U.S. military alliances, colonialism, and disarmament.

Diplomats of both countries hope the President and Nehru, heads of the world's two largest democracies, can narrow some of the differences that have separated their nations on a number of international issues. Some look for a new U.S. - Indian understanding.

Nehru, his visit to the United States long delayed by the President's illness of last summer, arrived in Washington aboard the President's personal plane Sunday afternoon. In setting foot on American soil for only the second time, he said that he considered it a privilege to confer with Mr. Eisenhower "at this rather important and even, perhaps, critical moment in history."

Hospital Names New Directors

Fred Bechill, vice president and assistant general manager of Kaiser Metal Products, Inc., Bristol, has been appointed to the board of directors of Lower Bucks County hospital it was announced today.

Mr. Bechill, who lives at 6 East School lane, Yardley, will assume the post vacated by the resignation of S. D. Hackley, vice president and general manager of the Bristol Kaiser plant. Mr. Hackley resigned from the hospital board because he is leaving the area to take a high position in the Kaiser enterprises.

Economy League

Mr. Bechill is married and the father of four daughters. He has been with the Kaiser organization for 21 years and is a member of the board of the Lower Bucks County Branch of the Pennsylvania Economy League.

A new representative from Labor is Joseph Finan, president of the Saiered and Technical Workers Local 5092, C.I.O., A.F. of L. United Steel Workers of America. Police Seek Fanatic For Trenton Fires

Arson Evidence Found At Scenes Of Three Blazes

Police today hunted a "religious fanatic" who set four Trenton churches afire with "Molotov cocktails" yesterday, including the historic Trenton First Methodist Church.

The first of the early morning fires was at the 62-year-old First Methodist Church, the third oldest church of that denomination in the United States.

Officials estimated \$200,000 damage to the historic edifice in the heart of the downtown business district. Two other churches, the State Street Methodist Church and the Church of the Open Bible, were ignited within three blocks of the first fire. They suffered minor damage.

The fourth church set afire was the First Born Church of the Living God. It is about two miles from the scenes of the other fires.

Police Lt. Lawrence Blacking said investigators found bottles and a gallon jug which had been filled with gasoline at the scene of each fire.

Blacking said if the arsonist were captured he would be questioned about a \$3.5 million fire last March 14 which gutted St. Mary's Roman Catholic Cathedral and rectory. Msgr. Richard T. Crean and two housekeepers died in that fire, which authorities still believed was the work of an arsonist.

Reds Reject U.S. Protest

WASHINGTON — UP — Russia today flatly rejected a U. S. protest against the recent stationing of Soviet tanks in front of the American legation in Budapest.

Soviet Charge D'Affaires Sergei R. Striganov said the American complaint of Dec. 6 was "an unjustified attempt to interfere in the relations between the U.S.S.R. and the Hungarian peoples' republic."

He also charged that the Hungarian revolt "was stimulated from the outside." But he did not directly accuse the United States of stirring it up.

Tobyhanna Case Resumes

SCRANTON, Pa. — UP — A federal grand jury resumed hearings today in the investigation of alleged fraud in the construction of the \$34 million Army Signal Corps Depot at Tobyhanna.

The jury has indicted 11 persons including Rep. William J. Green Jr., and former congressman Herbert J. McGlinchey, both Philadelphia Democrats.

Green, chairman of the Philadelphia Democratic Committee, was charged with attempting to use his office and membership on the House Armed Services committee to influence the awarding of contracts.

England Hints POW Reprisal

Fire Company Is Opposed

Opposition to formation of Nottingham Fire Company suddenly found its way into Bucks County Courts this morning when five Bensalem township fire companies requested a hearing on the incorporation petition for the new company.

Attorney John Wood, Langhorne, representing the Nottingham company, told the courts he knew of no opposition until yesterday.

However, Attorney Alan Williams of Doylestown presented a petition to the courts at 10:15 a.m. requesting a hearing before the court approved a non-profit (Continued on Page 3, Col. 1)

Loose Dogs Caught At Night Face 'Immediate Disposal'

All dogs caught running loose at night in Bristol Township will be "disposed of immediately" Daniel Potter, dog officer, warned today.

In addition, he announced that fines will be increased on dogs caught during the day.

Let Dogs Out

Potter said there have been increasing complaints of dogs on the loose at night in the past month. "These dogs are a menace and a nuisance and there is only one way to stop their running," Potter said.

He said many owners turn the dogs out for the night and forget about them until the next morning. The dogs, he said, harass deliverymen as they make early morning deliveries. Also, Potter said, the animals scatter garbage and trash during the night.

Law permits the killing of dogs caught at night. But Potter said they were simply held before, as other dogs, to give the owners a chance to claim them and pay a fine.

Potter said he now maintains patrol day and night.

Double Fines

Fines will be doubled on owners who let their animals

Russia Says Revolt Ended In Hungary

VIENNA — UP — Russia said today the Hungarian revolution had ended, but reports from Budapest said Russian tanks, troops and possibly planes were still fighting rebel guerrillas in the wild mountains north of the capital.

The Budapest government was reported sending Hungarian strikers to the coal mines today as forced labor in an effort to avert economic disaster, and a Budapest broadcast today said 654 went to work in the Matra Mountain mines today.

The defiant Hungarians demanded that Polish troops be brought in to replace the Russian army of occupation.

The demands appeared on posters plastered mysteriously on walls of buildings all over Budapest. The posters suggested that the Poles could take over from the Russians "in the spirit and under the terms of the Warsaw Pact."

Reports from Hungary said a Soviet "mopping up" campaign was in progress in the Beuku mountains near the industrial cities of Eger and Miskolc, scene of large-scale clashes for the first week. It was in this area the Communist government announced it would replace the Russian army of occupation.

Supervisors Told Drainage Work Slated

District Engineer Says Consultant Is Planning Now

The Falls Township Board of Supervisors received official confirmation today of proposed state action to rectify poor road and drainage problems in Levittown and Fairless Hills.

The reply from S. Curtis Weikert, acting district highway engineer, was received following an emergency meeting last week with the supervisors.

In a letter to Milton Berkes, chairman of the board of supervisors, Weikert outlined action being taken on drainage in Pennsbury Heights and the condition of the Newportville, Penn Valley, and Tullytown-Fallsington roads.

Planning Now

Weikert explained that a consultant engineer is now preparing plans for reconstruction of the Newportville road from Fallsington to Five Points. He pointed out, "We have every expectation of performing construction operations during the coming season."

The Tullytown-Fallsington road will be given surface treatment during the summer of 1957, Weikert said. He also pointed out that the creek near the Thornridge section of Levittown, which has no name, will be cleared of debris to prevent flooding an entrance to the section. State Highway workmen will begin clearing the creek "very soon," he said.

Funds Requested

In the letter, Weikert revealed that funds for the reconstruction of the Penn Valley road from Newportville road to new Route 13 were included in a request of Sept. 25, 1956, to State Secretary of Highways Joseph J. Lawler, for reconstruction in 1957.

Weikert stated, "We have not yet been informed of the financing of this project, but if funds can be made available, plans will be prepared and construction undertaken at the earliest practical date."

Entrance

It was explained that a drainage problem on West Trenton avenue near Pennsbury Heights will be rectified with the extension of new Route 13. The problem will be alleviated by construction of an entrance to the road at the old Lincoln Highway.

Although Weikert stated the problem will be rectified, the actual method was not discussed. (Continued on Page 3, Col. 1)

entrance the thieves used to get into the building.

No windows or doors were broken and the police were stymied at this time for an explanation for the entrance.

Chief Davis said, "These thieves knew what they were doing. This job has all the marks of a professional operation."

The Chief apparently discounted any possible connection between the automobile agency safe job and a break in of the Morrisville Motors repair shop yesterday.

In the repair shop burglary indications pointed to a small, but agile adult who slithered through a small window, opened the door for the accomplices, and carted away \$720 worth of tools.

Police reported the burglar entered the shop through a window, 12 by 16 inches in the rear of the building at 658 West Bridge street.

Footprints found at the scene in the rain-softened earth indicated that adults had committed the burglary.

The burglars hauled away office equipment and tools from the shop and apparently piled the haul into a large automobile or a truck. The equipment weighed several hundred pounds, police reported.

A shop employee, Emil Conrad, of 121 West Chelton avenue, discovered the theft shortly after he entered the shop at 8 a.m. He called police and summoned Vincent DeBonzie, of 5 Robertson avenue, the owner of the repair place.

It was reported that the shop was broken into through the back window. Then the front door was opened and the rest of the gang proceeded to carry the loot away.

Morrisville officer Mahlon Cummings and William Arner from the Pennsylvania State police investigated the theft.

State Democrats Conduct Caucus

HARRISBURG — UP Democratic legislators gathered here today to hold organizational caucuses as the minority party in both houses for the 1957 General Assembly convening Jan. 1.

Gov. George M. Leader was slated to address the party's 23 senators and 83 representatives at the separate meetings.

Democratic State Chairman Joseph M. Barr indicated party leaders in both houses would return to top floor posts. The Democrats have caucus chairmanship in each chamber to fill, but otherwise the same generalship will prevail.

Route 1 Head-On Crash Injures 4

Four men were injured and two cars demolished in a head-on auto crash on Route 1 near Hulmeville avenue, Middletown township, at 7:15 a.m. today.

Two of the men were admitted to Lower Bucks County hospital with serious injuries. They are Fleming Campbell, 46, of 2101 Camar street, Philadelphia with a fractured left hip joint, and Charles Hatcher, 31, of 1524 Euclid street, Philadelphia, with a fractured left leg.

The other two, William P. Smith, 31, of 2210 David drive, Margo Gardens, Bristol township, and Harold Hurst, Jr., 24, of 3208 Winter street, Philadelphia, were treated at the hospital and discharged after examination showed no apparent serious injuries.

Trooper John McDonough, of the Fairless Hills State Police, reported that Smith was driving west on Route 1 when his car suddenly swerved into the oncoming car, driven by Campbell. Smith couldn't explain why the car swerved, McDonough said. Both cars were smashed beyond repair, the trooper added.

Sidelight

As a sidelight in the case, Commissioner Elbert J. Kohli, who was accused by William J. Levitt, president of the firm, of attempting to "blackmail" him, last week asked to be removed temporarily from all his committee posts on the Board of Commissioners.

William J. Levitt, president of the firm, accused Kohli, who is an electrical contractor, of attempting to use his position to get the contract to do the electrical wiring in 91 homes.

Levitt said Kohli threatened that "at least 8300 violations" would be uncovered if he didn't get the contract.

Twp., Boro Each Asked For \$7500

Whether or not Bristol Borough Council next year can contribute the necessary funds to support an area recreation park in the Silver Lake-Mill Creek area will be pondered by Council's finance and public property committee at its next meeting, President William J. Veitch said today.

Mr. Veitch and Committee chairman Henry Kornstedt represented the borough at a meeting with the Bucks County Park Board in Doylestown last week. With Commissioner Albert Rogers, of Bristol township and John T. Welsh, chairman of the county commissioners, the group reviewed the finance plan for the proposed park.

The Park Board has offered to spend \$15,000 to make a park for fishing, boating and other recreation, provided the borough and township join together to match it. Borough Council and the township commissioners are each asked to provide \$7500.

Because of many legal hurdles that must be overcome in creating a park, Mr. Veitch said, it was not clearly established that the money must be provided immediately, or determined whether the money is all needed in 1957.

Greatly Interested

"Council has always been greatly interested in improving the Silver Lake area and creating a park," Mr. Veitch said. "From the work we have done so far in preparing the 1957 budget, it looks as if our finances will be tight. But we will do our best to find the money to support it."

Dr. H. Jackson Davis, director of the Bucks County Health Department, reported to the Park Board on a survey he is conducting of the pollution of Silver Lake and Mill Creek. He also discussed methods of reducing the contamination.

"Dr. Davis' report is very satisfying," commented William F. Taylor, Park Board chairman. "It is highly important that the pollution be stopped."

The joint action for a park followed a series of editorials and articles in the Bristol Courier and Levittown Times.

Others at the Park Board meeting were John Bowers, of Levittown, board secretary; members Abram Popkin, Bristol; J. Claude Bowen, Thomas Hannigan and Michael Rapuano; Robert W. Pierson, executive director and Harry J. Liederbach, solicitor.

Seeing Levittown

By JIM ORT

Joe Segal, 24 Rainbow lane, Red Cedar Hill, is one Levittowner who practices what he preaches. Quite a few of us are inclined to follow the slogan, "Do as I say, not as I do." Joe and his wife, Hilda, celebrate their seventh wedding anniversary tomorrow and usually they go out for dinner and dancing. But Joe is publicity chairman for the Levittown Civic association and has been urging all Levittowners to attend every meeting. With Hilda's consent, the celebration was postponed for a day to enable Joe to attend the meeting tomorrow night.

State Assemblyman from the Second Bucks County district, A. Pat Brennan, 36 Laurel lane, Lakeside, is in Harrisburg today attending a Democratic caucus prior to the convening of the State Assembly in January. He will begin his second term at that time.

Good luck to Mr. and Mrs. William Eyster, 23 Spicebush road, Snowball Gate. The Eysters entered pictures of their remodeled Country Clubber in a contest sponsored by the magazine, "Better Homes and Gardens." They recently added a 12 by 23 foot family room to the house. It features cypress paneled walls and pine beams on the ceiling. There is a sliding glass door between the dining room and the new family room. The pictures were entered in the "addition" phase of a home improvement contest.

You only learn by asking! Mrs. Theodore Glenn, 77 Gamewood road, Golden Ridge, is a registered nurse with the Levittown Kindergarten and Nursery school. Recently, there have been several cases of measles in the area and she was checking each student in the school. She asked one little fellow, "Have you ever had the measles that you know of?" He replied, "I know of the measles, but never had them."

Dr. Clifford G. Pollock, minister of the First Presbyterian Church of Morrisville, will be featured in one of the television messages on the United States Steel Hour, Wednesday at 10 p.m. on Channels 2 and 10.

In a filmed interview with George Hicks, veteran U. S. Steel commentator, Dr. Pollock tells of the active participation by Fairless Works' employees and their families in the continuing development of spiritual and community life in lower Bucks county. Scenes for the short message include a few of the 25 churches of all denominations that have been built during the last five years, as well as brief glimpses of the new communities, shopping centers and the lower Bucks County hospital.

One of the area's leading churches, Dr. Pollock is no stranger to local television audiences. He has made frequent appearances on religious programs on Philadelphia channels.

The December 19 presentation on the U. S. Steel telecast will be "The Old Lady Shows Her Medals," starring Gracie Fields.

Levittown Baby Suffers Burns

A 21-month-old Levittown youngster was admitted to the Lower Bucks County hospital yesterday afternoon with first, second, and third degree burns. Joseph Boyce, son of Mr. and Mrs. Joseph A. Boyce, 100 Coral lane, Crabtree Hollow, sustained the burns when he turned on a hot water hose and it sprayed on him.

He was taken to the hospital by his parents.

Authorities at the institution said the boy was "resting comfortably" this morning.

Watershed Plans To Be Discussed

Projects to improve and conserve the Neshaminy Creek watershed, which includes 202 square miles of Bucks county, will be discussed Wednesday night at a meeting of the Neshaminy Creek Watershed association with county, state and federal officials.

Arranged by John Carson, chairman of the Association's projects committee, assisted by Edward A. Miller, Ottsville, conservationist for the Interstate Commission on the Delaware River Basin, the meeting will be held in the County Planning Commission office, Doylestown, at 8 p.m.

Holy Land Is Meeting Topic

"Religions of the Holy Land" will be discussed at the monthly meeting of the Levittown-Fairless Hills branch of the American Association of University Women tomorrow night at 8:30 p.m.

The program will be presented in the Fairless Hills Community Center by the study group on comparative religions, under chairman Mrs. J. W. Shean.

The literature study group under the direction of Mrs. R. W. Howard will present folk tales related to religious groups.

The annual Christmas program presented by the music department of Pennsbury High School will be Wednesday night at the school.

About 400 students will participate in the program, which is under the direction of Mrs. Janet Sturrock.

Among the soloists will be Elizabeth Hall, James Johnson, Edward Abrahams, Sally Rembe, and Sandy Biller.

A highlight will be a girl's quartet including Judy Pollock, Sandy Wolfe, Robin Hubbard, and Dorrie Ashton.

Accompanists include Nancy Rajcan, Claudia Godlewski, Linda Brenner, Dana Garber, and Judy Pollock.

Police Charge Recklessness

A driver was charged with reckless driving after his vehicle collided with another on U. S. Route 1 at the intersection of Oxford Valley road in Fairless Hills yesterday at 5 p.m.

The charge was lodged against Joseph Jarzyk Jr., 19, of 116 Cliff street, Trenton, after his auto rammed into the rear of a car operated by Leo Morris, 60, of 2129 South 71st street, Philadelphia, who was stopped for the traffic light at the crossing. Both cars were headed west on Route 1 at the time.

The rear bumper and tail light of the Morris automobile were damaged and front fenders, the grill, and radiator.

Lower Makefield Road Is Repaired

Black Rock road, a state highway in Lower Makefield township, is getting a face lifting.

Harry Winchester of the State Highway department said that the road, a main artery through the township, is undergoing "normal maintenance."

The maintenance crew will be on the job probably for at least another two weeks, the State official said.

"As far as the drainage problem on the road is concerned," Mr. Winchester said, "we haven't begun to work on that yet. The department is aware of the situation, but those things take time."

Residents from the community have complained that seepage from the overloaded pipes on the line has run into the land of home owners.

"We are well aware of the situation and we are waiting for the allocation of funds to get the job going."

"It's difficult to guess when the work might begin, but we are

hoping to get it started in three to six months.

"We're hopeful that the job won't take more than a month once we finally get it started," he said.

Mr. Winchester explained that the current work on Black Rock road stems from the washout of a bend of the highway.

"The road hasn't been in top shape since last year's flood. That's what we are trying to do now," he said.

Capitol View To Elect

Officers of the Capitol View Fire Co. of Morrisville will be elected late next month. Those nominated include: President, L. F. Newell, Sr.; John Quinn and Robert Margerum; vice president, Edward Roberts Jr.; recording secretary, Joe Gush and Ben Loveland; financial secretary, Robert Newell, treasurer, Francis Harris; chief, Roland Gorton and foreman, Charles Young Jr.

Also assistant foreman, Robert Patterson; second assistant foreman, Fred McGarrity and Oscar Fennimore; first driver, Larry Martin; second driver, Frank Garman Sr., and Fred Rose; communications officer, Jim Pitman, and McGarrity; trustees, five to be elected, Albert Roberts, John Quinn, Frank Garman, Robert Williams, Albert Miller, William Albright, Michael Sayko, and Francis Harris.

State Delegate, Sam Jeffries, John Quinn and John Toth Jr., county delegates, five to be elected, Albright, Rose, William Brewer, Williams, Jeffries, John Quinn and Sam Simon; fire police, five to be elected, E. Roberts Jr., Albert Roberts, James Wolf, William Edwards, Harris, and James McAuley; fire relief, five to be elected, A. Newell Jr., Mary Allison, A. Roberts, Young, and E. Roberts; janitor, Larry Martin.

High School Schedules Carol Sing

Morrisville High school will present its 22nd annual community carol sing Wednesday and Thursday in the school auditorium.

The junior high chorus will sing on the first night and the senior high chorus will sing on the second night of presentation. The show begins both nights at 8 p.m.

The program will start with a brass ensemble consisting of William Dreisbach, Leon Okunowski, John Heenan, Edwin Neumann, Lola Felsburg, Sandra Symington, Joseph Antrobus, and Dale Habel.

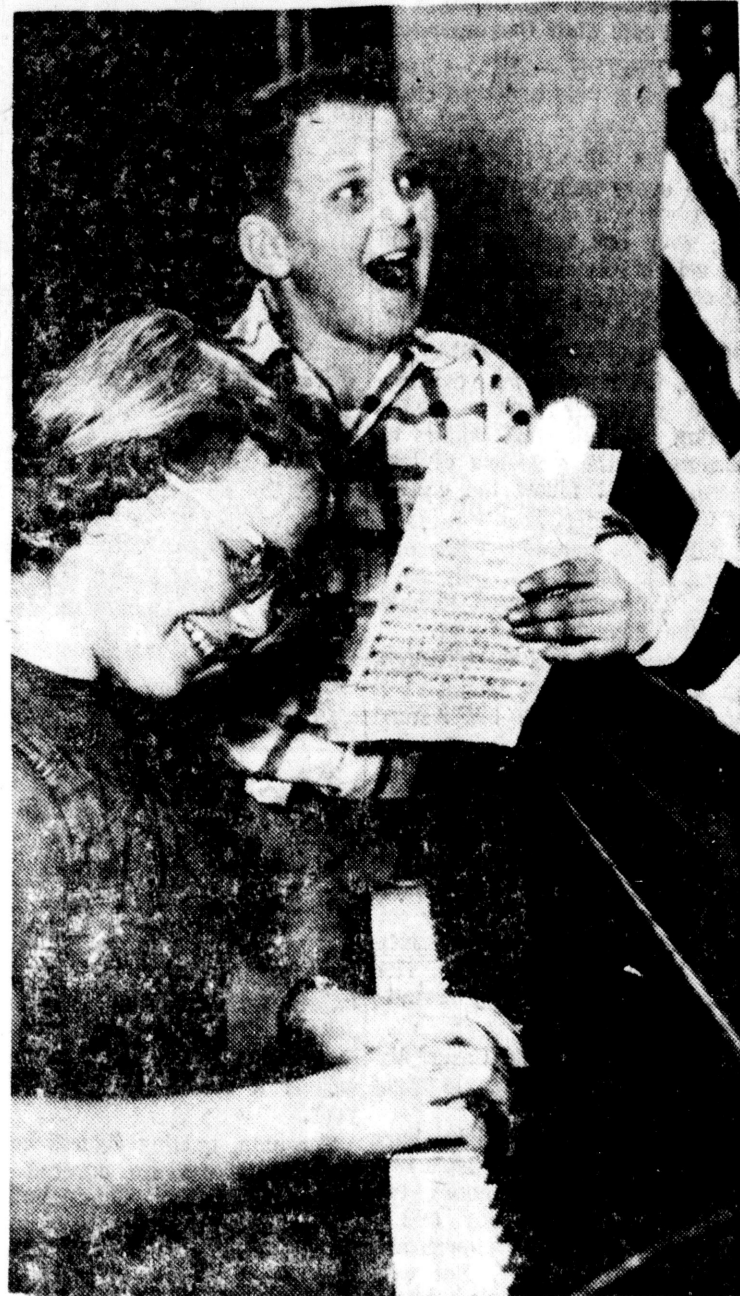

Patricia Foulke will read the prophecy from "Dona Nobis Pacem" (Give Us Peace) and selections will be heard from the junior chorus, the vespers choir, the girls' chorus, and the senior mixed chorus.

Robert Krier will sing a solo, and a sextet, Elaine Zocco, Jane Ridgeway, Janet Caum, Carole Preston, Linda Burns, and Carol Groh, will perform.

Honor soloist will be a senior, Mary Miller, who will sing "O Holy Night," assisted by the choruses.

The program will end with a Nativity Tableau portrayed by students under the direction of Margaret Watkins.

Practice Can Be Fun

Planners To Meet On Courthouse

The Bucks County Planning Commission will meet in special session at 9 p.m. today in its Doylestown office, presumably to discuss the resolution approving the courthouse site and fixing the location of the new building on the site.

Charles Happ, commission chairman, did not indicate that the special meeting would be to discuss the resolution, submitted to the planners by the Bucks County commissioners November 20, but he said the meeting would start "at approximately 9 p.m." and would be open to the press and public.

The Planning Commission ordinarily meets in afternoon session.

Last Tuesday the commission was granted a ten-day extension by the Bucks County Commissioners to reconsider the resolution. The extension was given after the planners rescinded a day-old motion approving it as it had been submitted by the County Commissioners.

The Commissioners were informed last Tuesday afternoon that several planning commission members were under the impression that they were merely approving the courthouse on a site

which had been selected by a previous planning commission.

The County Commissioners stated that the site had never been approved formally by the previous planners and that the new resolution fixed the site and located the building on it.

The County Commissioners therefore resubmitted their resolution for consideration, although they were set to approve the resolution on Tuesday.

The consensus among some county officials in Doylestown is that at least several planning commission members will be opposed to fixing the site of a new building where the present courthouse stands.

Previously, inside sources were positive that the planning commission would approve the County Commissioners' resolution unanimously, which it did.

The same sources are not stating or guessing on the action of the planning commission in its reconsideration of resolution.

Wiring Wrangle Slated In Court

The court battle to decide whether Levitt and Sons, Inc. has violated provisions of the Bristol township building code begins tomorrow in Doylestown.

Starting at 10 a.m. tomorrow, the court will hear arguments on Bristol township's objections to the Levitt firm's request for an injunction. The injunction would prevent the township from filing charges of the alleged violations with a justice of the peace.

The township claims that there

are four violations of the electrical section of the building code in 91 1956-model Levittowners.

Restraining Order
Last September, after being notified of the alleged violations by the township, the Levitt firm obtained a temporary restraining order which prevented the township from taking any legal action. The builder asked for the restraining order to prevent what he said could amount to \$435,000 a day in fines, for alleged violations in about 8700 Levitt homes built in the township.

Since that time, however, both groups have agreed to a test case in which one home would be used to decide whether there are any violations.

With the signing of this agreement the Levitt firm withdrew its request for a temporary restraining order but continued its request for an injunction.

Bristol township will be represented by Gilbert J. Kraus, despite the fact that his resignation as township solicitor becomes effective Dec. 31.

In his objections, which will be (Continued on Page 3, Col. 2)

WASHINGTON UP — President Eisenhower plans to invite Marshal Tito of Yugoslavia to visit the United States sometime next year, diplomatic sources said today.

No firm arrangements have been worked out yet and no date has been set.

Hungarian crisis, the Middle East dispute, U.S. recognition of Red China, U.S. military alliances, colonialism, and disarmament.

Diplomats of both countries hope the President and Nehru, heads of the world's two largest democracies, can narrow some of the differences that have separated their nations on a number of international issues. Some look for a new U.S. - Indian understanding.

Nehru, his visit to the United States long delayed by the President's illness of last summer, arrived in Washington aboard the President's personal plane Sunday afternoon. In setting foot on American soil for only the second time, he said that he considered it a privilege to confer with Mr. Eisenhower "at this rather important and even, perhaps, critical moment in history."

Reds Reject U.S. Protest

WASHINGTON — UP — Russia today flatly rejected a U. S. protest against the recent stationing of Soviet tanks in front of the American legation in Budapest.

Soviet Charge D'Affaires Sergei R. Striganov said the American complaint of Dec. 6 was "an unjustified attempt to interfere in the relations between the U.S.S.R. and the Hungarian peoples' republic."

He also charged that the Hungarian revolt "was stimulated from the outside." But he did not directly accuse the United States of stirring it up.

Hospital Names New Directors

Fred Bechill, vice president and assistant general manager of Kaiser Metal Products, Inc., Bristol has been appointed to the board of directors of Lower Bucks County hospital it was announced today.

Mr. Bechill, who lives at 6 East School lane, Yardley, will assume the post vacated by the resignation of S. D. Hackley, vice president and general manager of the Bristol Kaiser plant. Mr. Hackley resigned from the hospital board because he is leaving the area to take a high position in the Kaiser enterprises.

Economy League
Mr. Bechill is married and the father of four daughters. He has been with the Kaiser organiza-

tion for 21 years and is a member of the board of the Lower Bucks County Branch of the Pennsylvania Economy League.

A new representative from Labor is Joseph Finan, president of the Salaried and Technical Workers Local 5092, C.I.O., A.F. of L. United Steel Workers of America. Mr. Finan attended the University of Scranton, served with the 34th Infantry Division in World War II, and is an accountant at the Rolling Division of United States Steel.

He is married and lives at 278 Yorkshire road, Fairless Hills. He is a member of the Board of Directors of the Family Service (Continued on Page 3, Col. 8)

Police Seek Fanatic For Trenton Fires

Arson Evidence Found At Scenes Of Three Blazes

Police today hunted a "religious fanatic" who set four Trenton churches afire with "Molotov cocktails" yesterday, including the historic Trenton First Methodist Church.

The first of the early morning fires was at the 62-year-old First Methodist Church, the third oldest church of that denomination in the United States.

Officials estimated \$200,000 damage to the historic edifice in the heart of the downtown business district. Two other churches, the State Street Methodist Church and the Church of the Open Bible, were ignited within three blocks of the first fire. They suffered minor damage.

The fourth church set afire was the First Born Church of the Living God. It is about two miles from the scenes of the other fires.

Police Lt. Lawrence Blacking said investigators found bottles and a gallon jug which had been filled with gasoline at the scene of each fire.

Blacking said if the arsonist were captured he would be questioned about a \$3.5 million fire last March 14 which gutted St. Mary's Roman Catholic Cathedral and rectory. Msgr. Richard T. Crean and two housekeepers died in that fire, which authorities still believed was the work of an arsonist.

Auto Co.'s Own Tools Used For Haul

Cash And Checks Stolen By Thugs After Search

Burglars broke into a Morrisville automobile agency early this morning and, using the shop's own tools, cracked a safe and hauled away \$2084.

Willard Wamsley of the Wamsley Pontiac Agency on Bridge and Delmor streets said the theft occurred between 6 p.m. last night and 8 a.m. today when he opened the showroom.

Police Chief John S. Davis of Morrisville said that officers Harry Tomlinson and Joseph Cavanaugh answered the call this morning. State police trooper William Arner is also investigating.

Use Tools

The burglars apparently entered the agency, picked up some tools that were lying in the body repair shop and went to work.

Mr. Wamsley said that \$1638 in cash was taken and \$446 in checks were missing from the safe.

Papers were strewn around the office and all the drawers had been emptied in the search for more money, Mr. Wamsley said.

At the latest check this morning, nothing had been taken from the opened drawers.

Mr. Wamsley said that he was still uncertain how the burglars got into the showroom.

Safe Open
The safe door measures about an inch and a half in thickness and was hanging open when he entered this morning.

All the tools, which belonged to the store, were left on the floor near the safe. Along with the drill were found buffers and other various equipment used in automobile repair shops.

The tumbler on the safe had been drilled through and the safe was apparently easy prey after that had been accomplished, Mr. Wamsley said.

Still Investigating

Police Chief Davis said he was still investigating the means of (Continued on Page 3, Col. 1)

Supervisors Told Drainage Work Slated

District Engineer Says Consultant Is Planning Now

The Falls Township Board of Supervisors received official confirmation today of proposed state action to rectify poor road and drainage problems in Levittown and Fairless Hills.

The reply from S. Curtis Weikert, acting district highway engineer, was received following an emergency meeting last week with the supervisors.

In a letter to Milton Berkes, chairman of the board of supervisors, Weikert outlined action being taken on drainage in Pennsbury Heights and the condition of the Newportville, Penn Valley, and Tullytown-Fallsington roads.

Planning Now

Weikert explained that a consultant engineer is now preparing plans for reconstruction of the Newportville road from Fallsington to Five Points. He pointed out, "We have every expectation of performing construction operations during the coming season."

The Tullytown-Fallsington road will be given surface treatment during the summer of 1957, Weikert said. He also pointed out that the creek near the Thornridge section of Levittown, which has no name, will be cleared of debris to prevent flooding an entrance to the section. State Highway workmen will begin clearing the creek "very soon," he said.

Funds Requested

In the letter, Weikert revealed that funds for the reconstruction of the Penn Valley road from Newportville road to new Route 13 were included in a request of Sept. 25, 1956, to State Secretary of Highways Joseph J. Lawler, for reconstruction in 1957.

Weikert stated, "We have not yet been informed of the financing of this project, but if funds can be made available, plans will be prepared and construction undertaken at the earliest practical date."

Entrance

It was explained that a drainage problem on West Trenton avenue near Pennsbury Heights will be rectified with the extension of new Route 13. The problem will be alleviated by construction of an entrance to the road at the old Lincoln Highway.

Although Weikert stated the problem will be rectified, the actual method was not discussed. (Continued on Page 3, Col. 1)

Loose Dogs Caught At Night Face 'Immediate Disposal'

All dogs caught running loose at night in Bristol Township will be "disposed of immediately," Daniel Potter, dog officer, warned today.

In addition, he announced that fines will be increased on dogs caught during the day.

Let Dogs Out

Potter said there have been increasing complaints of dogs on the loose at night in the past month. "These dogs are a menace and a nuisance and there is only one way to stop their running," Potter said.

He said many owners turn

the dogs out for the night and forget about them until the next morning. The dogs, he said, harass deliverymen as they make early morning deliveries.

Also, Potter said, the animals scatter garbage and trash during the night.

Law permits the killing of dogs caught at night. But Potter said they were simply held before, as other dogs, to give the owners a chance to claim them and pay a fine.

Potter said he now maintains patrol day and night.

Double Fines
Fines will be doubled on owners who let their animals

run. Under the township dog ordinance, fines range

entrance the thieves used to get into the building.

No windows or doors were broken and the police were stymied at this time for an explanation for the entrance.

Chief Davis said, "These thieves knew what they were doing. This job has all the marks of a professional operation."

The Chief apparently discounted any possible connection between the automobile agency safe job and a break in the Morrisville Motors repair shop yesterday.

In the repair shop burglary indications pointed to a small, but agile adult who slithered through a small window, opened the door for the accomplices, and carted away \$1720 worth of tools.

Police reported the burglar entered the shop through a window, 12 by 16 inches in the rear of the building at 638 West Bridge street.

Footprints found at the scene in the rain-softened earth indicated that adults had committed the burglary.

The burglars hauled away office equipment and tools from the shop and apparently piled the haul into a large automobile or a truck. The equipment weighed several hundred pounds, police reported.

A shop employee, Emil Conrad, of 121 West Chelton avenue, discovered the theft shortly after he entered the shop at 8 a.m. He called police and summoned Vincent DeBronze, of 5 Somerset avenue, the owner of the repair place.

It was reported that the shop was broken into through the back window. Then the front door was opened and the rest of the gang proceeded to carry the loot away.

Morrisville officer Mahlon Cummings and William Arner from the Pennsylvania State police investigated the theft.

State Democrats Conduct Caucus

HARRISBURG — UP Democratic legislators gathered here today to hold organizational caucuses as the minority party in both houses for the 1957 General Assembly convening Jan. 1.

Gov. George M. Leader was slated to address the party's 23 senators and 83 representatives at the separate meetings.

Democratic State Chairman Joseph M. Barr indicated party leaders in both houses would return to top floor posts. The Democrats have caucus chairmanship in each chamber to fill, but otherwise the same generalship will prevail.

Route 1 Head-On Crash Injures 4

Four men were injured and two cars demolished in a head-on auto crash on Route 1 near Hulmeville avenue, Middletown township, at 7:15 a.m. today.

Two of the men were admitted to Lower Bucks County hospital with serious injuries. They are Fleming Campbell, 46, of 2101 Camac street, Philadelphia with a fractured left hip joint, and Charles Hatcher, 31, of 1524 Euclid street, Philadelphia, with a fractured left leg.

The other two, William P. Smith, 31, of 2210 David drive, Margo Gardens, Bristol township, and Harold Hurst, Jr., 24, of 3208 Winter street, Philadelphia, were treated at the hospital and discharged after examination showed no apparent serious injuries.

Trooper John McDonough, of the Fairless Hills State Police, reported that Smith was driving west on Route 1 when his car suddenly swerved into the oncoming car, driven by Campbell. Smith couldn't explain why the car swerved, McDonough said. Both cars were smashed beyond repair, the trooper added.

The four injured men were

argued tomorrow, Kraus said that since both sides have agreed to a test case there can be no "possible injustice" by mass fines against the Levitt firm.

He claims that the case should now proceed through the regular channels with a hearing before a justice of the peace.

If his arguments are denied the case will continue in equity court.

Sidelight

As a sidelight in the case, Commissioner Elbert J. Kohli, who was accused by William J. Levitt, president of the firm, of attempting to "blackmail" him, last week asked to be removed temporarily from all his committee posts on the Board of Commissioners.

William J. Levitt, president of the firm, accused Kohli, who is an electrical contractor, of attempting to use his position to get the contract to do the electrical wiring in 91 homes.

Levitt said Kohli threatened that "at least 8300 violations" would be uncovered if he didn't get the contract.

Guest To Miss LCA Meeting

The Levittown Civic Association will hold its regular monthly meeting tomorrow night at 8:30 p.m. in the Thomas Jefferson School, Appletree drive, Levittown.

State Assemblyman A. Patrick Brennan of Levittown was scheduled to appear to explain proposed State action on the poor road conditions in Lower Bucks county.

However, civic association officers said this morning that he will not be able to address the meeting because of an engagement in Harrisburg.

Twp., Boro Each Asked For \$7500

Whether or not Bristol Borough Council next year can contribute the necessary funds to support an area recreation park in the Silver Lake-Mill Creek area will be pondered by Council's finance and public property committee at its next meeting, President William J. Veitch said today.

Mr. Veitch and Committee chairman Henry Kornstedt represented the borough at a meeting with the Bucks County Park Board in Doylestown last week. With Commissioner Albert Rogers, of Bristol township and John T. Welsh, chairman of the county commissioners, the group reviewed the finance plan for the proposed park.

The Park Board has offered to spend \$15,000 to make a park for fishing, boating and other recreation, provided the borough and township join together to match it. Borough Council and the township commissioners are each asked to provide \$7500.

Because of many legal hurdles that must be overcome in creating a park, Mr. Veitch said, it was not clearly established that the money must be provided immediately, or determined whether the money is all needed in 1957.

Greatly Interested

"Council has always been greatly interested in improving the Silver Lake area and creating a park," Mr. Veitch said. "From the work we have done so far in preparing the 1957 budget, it looks as if our finances will be tight. But we will do our best to find the money to support it."

Dr. H. Jackson Davis, director of the Bucks County Health Department, reported to the Park Board on a survey he is conducting of the pollution of Silver Lake and Mill Creek. He also discussed methods of reducing the contamination.

"Dr. Davis' report is very satisfying," commented William F. Taylor, Park Board chairman. "It is highly important that the pollution be stopped."

The joint action for a park followed a series of editorials and articles in the Bristol Courier and Levittown Times.

Others at the Park Board meeting were John Bowers, of Levittown, board secretary; members Abram Popkin, Bristol, J. Claude Bowen, Thomas Hannigan and Michael Rapuano, Robert W. Pierson, executive director and Harry J. Liederbach, solicitor.

Yardley Rotarians Will Light Tree

The Washington Crossing Rotary Club will meet tomorrow for a dinner meeting. The highlight of the evening program will be the annual Christmas Tree lighting of a large Christmas tree next to the Washington Crossing Inn. The tree will be trimmed by the club members, the committee in charge will be Henry Gibbs, chairman; Nathan Golub, Richard White, Samuel Kirkham and Watson Church. The public is invited to attend.

The Rev. Thomas Everest, pastor of the Washington Crossing Methodist Church will give the invocation. The music will be furnished by the Council Rock School Band. Refreshments will be furnished to all present.

Seeing Levittown

By JIM ORT

Joe Segal, 24 Rainbow lane, Red Cedar Hill, is one Levittowner who practices what he preaches. Quite a few of us are inclined to follow the slogan, "Do as I say, not as I do." Joe and his wife, Hilda, celebrate their seventh wedding anniversary tomorrow and usually they go out for dinner and dancing. But Joe is publicity chairman for the Levittown Civic association and has been urging all Levittowners to attend every meeting. With Hilda's consent, the celebration was postponed for a day to enable Joe to attend the meeting tomorrow night.

State Assemblyman from the Second Bucks County district, A. Pat Brennan, 36 Laurel lane, Lakeside, is in Harrisburg today attending a Democratic caucus prior to the convening of the State Assembly in January. He will begin his second term at that time.

Good luck to Mr. and Mrs. William Eyster, 23 Spiebusch road, Snowball Gate. The Eysters entered pictures of their remodeled Country Clubber in a contest sponsored by the magazine, "Better Homes and Gardens." They recently added a 12 by 23 foot family room to the house. It features cypress paneled walls and pine beams on the ceiling. There is a sliding glass door between the dining room and the new family room. The pictures were entered in the "addition" phase of a home improvement contest.

You only learn by asking! Mrs. Theodore Glenn, 77 Gamewood road, Golden Ridge, is a registered nurse with the Levittown Kindergarten and Nursery school. Recently, there have been several cases of measles in the area and she was checking each student in the school. She asked one little fellow, "Have you ever had the measles that you know of?" He replied, "I know of the measles, but never had them."

Polish Lodge 3131 To Name Officers

The regular monthly meeting of the Polish National Alliance Lodge 3131, of Lower Bucks County, will take place at Holiday Inn tomorrow night at 8:30 p.m.

Ladies Night Held By Police Chiefs

The Bucks County Police Chief's Association entertained their wives at their annual ladies night banquet at the Langhorne Country Club Saturday night.

More than 240 persons attended. Walter McLaughlin, special agent of the Philadelphia Bureau of FBI, acted as master of ceremonies.

After the meal, the chiefs, their wives and guests were entertained by a floor show and danced to an orchestra.

Included among the guests were Judge I. Louis Rubin, Inspector Fred W. Good, of the Pittsburgh police department, president of the Pennsylvania Police Chief's association, County Commissioners Adolph A. Andrews, John T. Welsh and Thomas R. Lewis, District Attorney Donald W. VanArtsdalen, Louis Rossiter president of the Montgomery County Police Chief's Association, and their wives.

The committee which handled the arrangements for the banquet included: Middletown police Chief Howard C. Shook, Bristol Township Chief John R. Stewart,

of this occupied city. There also have been reports that Moorehouse was murdered by his captors.

When the Allied commander was asked what the British could do if the lieutenant is not returned before they leave Port Said, he pointed out that the Allies hold 229 Egyptian prisoners - 17 army officers, 62 soldiers and 150 civilians, some of them of the "better class."

Addition OK'd For Council Rock

Preliminary plans for the addition of 29 classrooms and an auditorium to the Council Rock Junior-Senior High school, Newtown, have been approved by the Department of Public Instruction and the Art Jury. Harold P. Lewis, chairman of the building committee announced at last Wednesday's meeting of the Council Rock Joint School board.

Dr. Pollock To Be On TV

Dr. Clifford G. Pollock, minister of the First Presbyterian Church of Morrisville, will be featured in one of the television messages on the United States Steel Hour, Wednesday at 10 p.m. on Channels 2 and 10.

In a filmed interview with George Hicks, veteran U. S. Steel commentator, Dr. Pollock tells of the active participation by Fairless Works' employees and their families in the continuing development of spiritual and community life in lower Bucks county.

Scenes for the short message include a few of the 25 churches of all denominations that have been built during the last five years, as well as brief glimpses of the new communities, shopping centers and the lower Bucks County hospital.

One of the area's leading churchmen, Dr. Pollock is no stranger to local television audiences. He has made frequent appearances on religious programs on Philadelphia channels.

The December 19 presentation on the U. S. Steel telecast will be "The Old Lady Shows Her Medals," starring Gracie Fields.

Levittown Baby Suffers Burns

A 21-month-old Levittown youngster was admitted to the Lower Bucks County hospital yesterday afternoon with first, second, and third degree burns. Joseph Boyce, son of Mr. and Mrs. Joseph A. Boyce, 100 Coral lane, Crabtree Hollow, sustained the burns when he turned on a hot water hose and it sprayed on him.

He was taken to the hospital by his parents.

Authorities at the institution said the boy was "resting comfortably" this morning.

Watershed Plans To Be Discussed

Projects to improve and conserve the Neshaminy Creek watershed, which includes 202 square miles of Bucks county, will be discussed Wednesday night at a meeting of the Neshaminy Creek Watershed association with county, state and federal officials.

Arranged by John Carson, chairman of the Association's projects committee, assisted by Edward A. Miller, Ottsville, conservationist for the Interstate Commission on the Delaware River Basin, the meeting will be held in the County Planning Commission office, Doylestown, at 8 p.m.

Holy Land Is Meeting Topic

"Religions of the Holy Land" will be discussed at the monthly meeting of the Levittown-Fairless Hills branch of the American Association of University Women tomorrow night at 8:30 p.m.

The program will be presented in the Fairless Hills Community Center by the study group on comparative religions, under chairman Mrs. J. W. Shean.

The literature study group under the direction of Mrs. R. W. Howard will present folk tales related to religious groups.

Police Charge Recklessness

A driver was charged with reckless driving after his vehicle collided with another on U. S. Route 1 at the intersection of Oxford Valley road in Fairless Hills yesterday at 5 p.m.

The charge was lodged against Joseph Jarzyk Jr., 19, of 116 Cliff street, Trenton, after his auto rammed into the rear of a car operated by Leo Morris, 60, of 2129 South 71st street, Philadelphia, who was stopped for the traffic light at the crossing. Both cars were headed west on Route 1 at the time.

The rear bumper and tail light of the Morris automobile were damaged and damage to the Jarzyk car was both front fenders, the grill, and radiator.

Lower Makefield Road Is Repaired

Black Rock road, a state highway in Lower Makefield township, is getting a face lifting.

Harry Winchester of the State Highway department said that the road, a main artery through the township, is undergoing "normal maintenance."

The maintenance crew will be on the job probably for at least another two weeks, the State official said.

"As far as the drainage problem on the road is concerned," Mr. Winchester said, "we haven't begun to work on that yet. The department is aware of the situation, but those things take time."

Residents from the community have complained that seepage from the overloaded pipes on the line has run into the land of home owners.

"We are well aware of the situation and we are waiting for the allocation of funds to get the job going."

"It's difficult to guess when the work might begin, but we are

hoping to get it started in three to six months.

"We're hopeful that the job won't take more than a month once we finally get it started," he said.

Mr. Winchester explained that the current work on Black Rock road stems from the washout of a bend of the highway.

"The road hasn't been in top shape since last year's flood. That's what we are trying to do now," he said.

Capitol View To Elect

Officers of the Capitol View Fire Co. of Morrisville will be elected late next month. Those nominated include: President, L. F. Newell, Sr.; John Quinn and Robert Margerum; vice president, Edward Roberts Jr.; recording secretary, Joe Gush and Ben Loveland; financial secretary, Robert Newell, treasurer, Francis Harris; chief, Roland Gorton and foreman, Charles Young Jr.

Also assistant foreman, Robert Patterson; second assistant foreman, Fred McGarrity and Oscar Fennimore; first driver, Larry Martin; second driver, Frank Garman Sr., and Fred Rose; communications officer, Jim Pitman, and McGarrity; trustees, five to be elected, Albert Roberts, John Quinn, Frank Garman, Robert Williams, Albert Miller, William Albright, Michael Sayko, and Francis Harris.

State Delegate, Sam Jeffries, John Quinn and John Toth Jr., county delegates, five to be elected, Albright, Rose, William Brewer, Williams, Jeffries, John Quill and Sam Simon; fire police, five to be elected, E. Roberts Jr., Albert Roberts, James Wolf, William Edwards, Harris, and James McAuley; fire relief, five to be elected, A. Newell Jr., Mary Allison, A. Roberts, Young, and E. Roberts; janitor, Larry Martin.

SLEEPER JUMP
MUSKEGON, Mich. — (UP) — Marilyn Sue Stein, 17, was reported missing by her parents when she failed to arrive from Detroit aboard a scheduled airliner. Marilyn finally was located in Chicago. She explained she fell asleep and failed to leave the ship when it landed here.

Christmas Present Wrapped

Mrs. Joan B. Lawson, Greenridge road, Yardley, smiles as she tries to put money into a parking meter on North Main street, Yardley. The borough fathers covered all meters in the borough for the benefit of Christmas shoppers. The Yardley Borough Council's Merry Christmas present was welcomed by all shoppers. High School Schedules Carol Sing

Morrisville High school will present its 22nd annual community carol sing Wednesday and Thursday in the school auditorium.

The junior high chorus will sing on the first night and the senior high chorus will sing on the second night of presentation. The show begins both nights at 8 p.m.

The program will start with a brass ensemble consisting of William Dreisbach, Leon Okrowski, John Heenan, Edwin Neumann, Lola Felsburg, Sandra Symington, Joseph Antrebus, and Dale Habel.

Patricia Foulke will read the prophecy from "Dona Nobis Pacem" (Give Us Peace) and selections will be heard from the junior chorus, the vespers choir, the girls' chorus, and the senior mixed chorus.

Robert Krier will sing a solo, and a sextet, Elaine Zocco, Jane Ridgeway, Janet Caum, Carole Preston, Linda Burns, and Carol Groh, will perform.

Honor soloist will be a senior, Mary Miller, who will sing "O Holy Night," assisted by the choruses.

The program will end with a Nativity Tableau portrayed by students under the direction of Margaret Watkins.

Scout Troop Plans Party

The Green Bar Patrol, a Scout unit of the newly formed Boy Scout Troop 140 of the Grandview Estates Civic Association, will convene tomorrow at the Community House at 8 p.m.

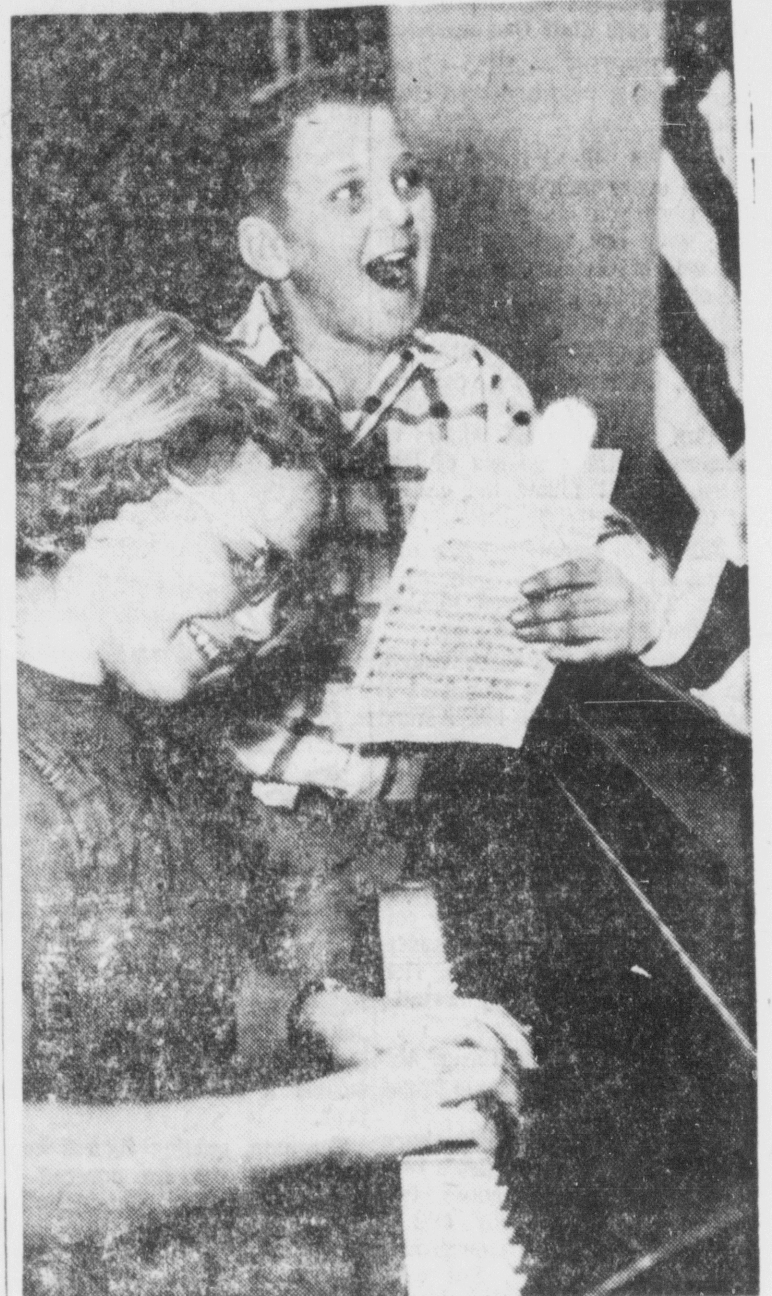

Plans for a Christmas party will be discussed with organizational proceedings for 1977.

er announced that the following boys are requested to attend: Patrol leaders Robert Sears, Frank Lockett and Robert Jackson, Scribe Donald Jackson, and assistant patrol leaders Glen Rech, John Geisel, and Ronald Sears.

Grandview Estates Civic Association publicity chairman George Hageman said the organization now consists of more than 85 of the 260 families in the new housing development.

Newly elected officers of the association will be installed in January.

Practice Can Be Fun

Troop 3 Boys To Make Tour

Boy Scouts of Morrisville troop 3, sponsored by the First Presbyterian Church, will make an inspection tour of the Garth Pitcairn automobile agency Dec. 27.

As part of an overall program of the troop to study the workings of different industries, more than 60 Boy Scouts are expected to visit the showrooms on Lincoln Highway near Morrisville.

In the following months the Scouts will visit other business establishments in the area to study business operations.

The Scouts will be treated to refreshments following the tour.

The famous Santa Fe Trail — a trading route that operated in the 19th Century between Independence, Mo., and Santa Fe, New Mexico — covered 775 miles.

A Boy And His Dog Go Lonely Today

Barry's looking for Brownie. Barry Bush is a 10-year-old Yardley boy who lives on River road. Brownie is his four-year-old dog "who never leaves the yard," Mrs. Sydney Bush, Barry's mother said this morning.

Brownie was frolicking in the yard yesterday afternoon in front of the Bush home at about 2 o'clock. At about 2:30 he wasn't there.

Hunt For Dog

Barry and his Dad set out on a search for Brownie. The looked all over the area. They went to Trenton. They were looking in all the yards of the neighborhood. Brownie was nowhere to be found.

Mrs. Bush said this morning she has received many calls offering a new dog for Barry.

"But Barry wants only Brownie. You know how boys are."

Brownie was described by Mrs. Bush as a medium sized dog with a white streak along her brown coat. "Brownie looks like a cocker spaniel and is wearing an anti-rabies tag around her neck," Mrs. Bush said.

Mrs. Bush said the family will pay a \$20 reward for Brownie's return.

School

Barry went to his sixth grade class in the Lower Makefield Elementary school this morning. He was crying.

NO RUBBER

DES MOINES — UP — Bank tellers and merchants thought they had trapped a bad check artist when they received checks signed "A. Swindler." But the checks were good, signed by the treasurer of Davco, a Junior Achievement firm. Ann Swindler just couldn't resist the temptation to pull the gag.

JUST IN CASE

SUDBURY, Mass. — (UP) — Police Chief John McGovern ordered members of his department to take a course in obstetrics. He said that so far as he knew, a Sudbury policeman has never had to assist in delivering a baby, but that his men would know how "just in case."
